

Going up!

Grandma Hankinson's Molasses Cookies

This is the recipe Sophie and her Dad used for the cookies in *Going Up!*

¾ cup butter
(room temperature)

1 cup brown sugar

1 egg

½ cup molasses

1 teaspoon vanilla extract

3 tablespoons hot water

2 ½ cups of flour

1 teaspoon baking soda

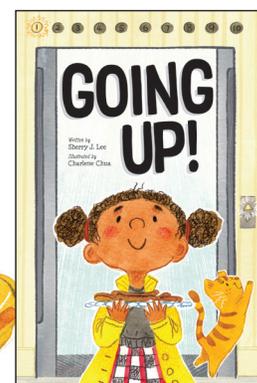

1 teaspoon baking powder

jam of your choice

Preheat the oven to 375°F and butter some cookie sheets. To mix everything together use either an electric mixer or a sturdy wooden spoon. In a large bowl, beat together butter, brown sugar, egg, molasses, vanilla and hot water.

In another bowl, mix together all the dry ingredients: flour, baking soda and baking powder. Add the dry ingredients to the wet mixture, combining thoroughly.

On a surface dusted with flour, roll out the dough about ¼ inch thick. Cut into shapes using special cookie cutters. Bake for 8-12 minutes. While cookies are still warm, sandwich two together of the same shape with the jam of your choice!

Seek and Find **in** *Going Up!*

A little girl and her dad are invited to a party. What is the girl's name? _____

What three shapes are the cookies cut into? _____

What does the cat bring to the birthday party for Olive? _____

When does the cat first appear in the book? _____

How many pets are in the story? _____

What are the dogs' names? _____

Where does the bee come from? _____

Can you find the numeric number somewhere on each floor? _____

What is the theme of Andrew's tattoos? _____

Who gets in on the seventh floor? _____

What is the name of the company who built the elevator? _____

What does Baby Jade grab on the final page? _____

What gift do the Santucci brothers bring for the birthday girl? _____

Nori clearly likes a certain sport. What is it? _____

How many characters are at the party? _____

What are the names of the kids wearing masks? _____

What musical instruments do Grace and Arnie bring to the party? _____

There is a tiny truck on one page. Can you find it? _____

On the final party page the cat is carrying something in his mouth.
What is it? Where did he find it? _____

Pippo has a special nickname for Sophie. What is it? _____

Who is the first dog to get on the elevator? _____

How many people are in the Flores family? _____

What gift does Mr. Kwan bring to the party? _____

On which floor does Minx get on the elevator? _____
